CROCHET RUFFLE SKIRT

Crochet Ruffle Skirt – Free Crochet Pattern and video tutorial

February 11, 2014 by [Meladora's Creations](#)

This Crochet Ruffle Skirt pattern will teach you how to Crochet a Ruffle Skirt with ease. You can make this for any size. You won't believe how easy it is. See video for instructions on how to get the correct sizing.

You can find more things like this under the category [Dresses and Skirts](#)

in Israel now, but I was born and raised in Oklahoma in the US. Wonder how I ended up out here? It's a story I share on my "[About me](#)" page in more depth if you're interested. Enjoy your time on my site and be sure to check me out on social media and my Patreon page where you can help support my work. Thank you and God bless!

CROCHET RUFFLE SKIRT

For this project you will need:

- **HOOK:** [5mm hook/ US H hook](#)
- **YARN:** 4 skeins of worsted weight yarn 4 ply US, 10 ply AU if your making child size. Get much more for adult size. Most yarn is used up on the bottom part of the skirt. I used 3 skeins of the variegated purple and one skein of the white. You will also need an elastic band to sew in the skirt for the waist and you will need a tape measure.

It is important to note, because everyone crochets at different tightness. So it would do no good to go by the same chains as I did. Best to chain for yourself a number divisible by 3 plus 1 (the plus one is because you have to chain one in order to work in the 2nd chain from the hook, you will lose this plus 1 stitch immediately) I chained 78 plus 1, but I am almost sure if I chained again 78 it would be too big or too small, not even you will chain the exact same every time.

So this is where the **tape measure** comes in. Make your chain and measure it on the person you're making it for around the hips, make sure it's not too tight where they can't move around when wearing it, need to be comfortably loose. (make sure your final number is divisible by 3 plus 1) Make sure you're measuring the largest part of the hips, not the waist, we will be doing the waist part last. Once you have your chain measured about the size you need, keep in mind once you start to sc your chain will shorten slightly.

- **The gauge for this pattern for the clusters is 6 sts = 4 cms or 1 ½ inches.**

Once you have the right gauge for the clusters, the bottom ruffle part of the skirt should be fine, it's very forgiving.

To Start

sl st to connect to first ch to form a ring, make sure the chain is not twisted.

Now using the top of the chain only, sc in all sts

around.

Round 1

We start our cluster stitch as follows:

Here is a beginner video if you need it

[RIGHT HANDED VERSION](#)

[LEFT HANDED VERSION](#)

Clusters are worked in 3 stitches total.

- **Step 1:** YO, go in through first stitch and draw up a loop, YO, pull through two loops only!
- **Step 2 :** YO, go in through same stitch and draw up a loop, YO and pull through two loops only

(see picture below)

- **Steps 3 & 4:** YO go in through next stitch and repeat steps one and two, 5 loops on hook (see picture below)

- **Steps 5 & 6:** Now using our third and final stitch, repeat steps one and two again giving you 7 loops on your hook. Now pull through all loops. And chain 2 (see picture below)

Repeat this for the whole round without skipping a stitch. If you come to the end and have less than 3 sts left then only do cluster using 2 or 1 sts. It will right itself next round. Then chain one (always only chain one on last cluster of row) and slip stitch into top of cluster. If your not sure which one I mean, look above at the picture above, the two middle sts are done on top of the cluster, this is the place where you will be slip stitching into at the end of your round.

Round 2

Now you want to work your second row of clusters

the same, but instead of single crochets, you'll be working in the stitches above the clusters. Below shows you where you will place your stitches. (see picture below)

I made mine for my 5 year old so the she is much shorter than a full grown woman of course! So do as many rows as it takes to cover the hips and the start of the legs. I did a total for 10 rows for my daughter.

Once you have the top part the desired size, then your ready to start the ruffle part of the skirt. As you can see in this pictures, I changed colors to white every 5th row of skirt. Rest of the time I used a variegated yarn.

BOTTOM OF SKIRT

Round 1

Here is a beginner video if you need it

[Double Crochet Cross over Stitch – Slow Motion Crochet](#)

Your first row of ruffles goes as follows:

Double crochet using the back loop only into the next three stitches. (see picture below)

Then using the front loops of the three double crochets you just made, work one dc in each front stitch, starting with the front of the first dc that you did. (see pictures below)

Then repeat for whole round.

Rounds 2 through 9

again I changed to white every 5th row

Second row of ruffles is done the same as the first row, exception is that you skip 2 stitches before starting the next set of crossed dc's. (See picture below)

So repeat Round two for the bottom of the skirt, for a total of 8 rows.

Round 10

(Change to white or border color)

Repeat round 1 – do not skip a stitch. This will give you maximum ruffles at edge.

Pivot the Skirt now and let's do the waist!

Rounds 1 – 6

Sc attachment and do 5 sc's then a decrease.
Repeat for row. Or do 7 sc's before the decrease
for a wider waist. Repeat this for a total of 6
rounds.

If you want help on putting on the rubber for the
waist, you can watch that part of the video [here](#).
